

## Important Information Needed from each AED Site: Update Your *Dispatch* Phone Numbers

In 2016 we hope to contract with Life Med Safety to track all our AED sites and responder phone numbers. They will link software to Central Dispatch's Spillman database to detect cardiac calls. When a cardiac call is detected, the software will automatically notify the people listed for the nearest AED. They can either receive a phone call or a text message.

It is absolutely imperative that we provide the correct phone numbers for your responders. And we are not limited to one phone number. So please send a list of names and phone numbers for each AED you manage. This includes Ignacio, Bayfield, and Durango AEDs. You may e-mail the phone numbers to [barbaralawson@mydurango.net](mailto:barbaralawson@mydurango.net).

## Purgatory Local Benefit Days

Heart Safe La Plata has been selected as a recipient for the Local Benefit Days by Purgatory Resort! Along with Trails 2000, La Plata Family Centers Coalition, and Be F.R.A.N.K, we will share the proceeds on four days during the ski season. Those days are

- December 13
- January 10
- February 21
- March 20

Please mark your calendars and plan to come up to ski those days. Pricing will be reduced to

- Adult \$45
- Teen \$32
- Child \$25
- Senior \$32
- Super Senior \$25

There will be a coupon to print and bring with you to get this special rate.

Purgatory will also be hosting "demo days" on these special days. There will be seven local gear shops on the mountain offering demos of their latest equipment. For a \$10 charge there will be unlimited demos and all of the money collected will go to the four nonprofit recipients.

All of the money we receive will be used to replace our aging AEDs that are out of warranty and are showing signs of failing. So have some fun and help us out!

## PulsePoint App by Physio Control

We have started loading our AED sites on the PulsePoint smart phone app by Physio Control. This software will show the locations of our AEDs on a map for wherever you are. So if you find yourself in need of an AED, you can open the PulsePoint app and it will graphically show you the nearest locations. There are even photos of the buildings and AEDs to guide you.

In addition to contracting with LifeMed for automatic notifications when an AED is needed and other services, HSLP is encouraging everyone to download and use the PulsePoint application on your smart phone. PulsePoint tracks AED locations nationally, as well as your location (should you choose). It can help you find the closest AED in an emergency, as well as notify you when one is needed. To get the App, go to the App Store on your phone, search for PulsePoint AED, and install the free application..

## AED Safety and Proper Application

AEDs can save lives when used on a patient in cardiac arrest. However, there have been case reports of AEDs being placed on patients who are conscious and experiencing supraventricular tachycardia. In this case, the AED may incorrectly decide to deliver a shock. Someone who is awake, oriented, and conversant is **NOT** in cardiac arrest. Do not place an AED on a conscious patient in order to monitor the heart rhythm. Leave that to the paramedics.

**Never place an AED on a patient who is not in unconscious!**

## Board Members

- Scott Sholes, President. . . . . 382-6039
- Amy Knight, Vice-President. . . 749-3239
- Barbara Lawson, Sec/Treas. . . . 884-2406
- Kathy Morris. . . . . 247-3261 x 801
- Brett Sherman. . . . . 799-2555

## Program Coordinator

- Trent Meshew. . . . . 385-3260
