

Are There Meeting Rooms At Your Site?

It would be a terrible shame to be at a meeting where a sudden cardiac arrest occurs and the attendees do not know that there is an AED just down the hall. We would like to get all our sites to post a building map - like those used to show fire exits - that shows the location of the AEDs in your building(s). Let us know what kind of signs you would like and we will do our best to help you design and post them in your meeting rooms.

Who owns your AED...

Did you know that Heart Safe La Plata maintains ownership of the AEDs? Almost all of our sites have provided us with a donation (what we call the *buy-in* funding) for the AED. That donation paid only half the cost of the AED. For your investment you received 1) a Medtronic CR+ AED, 2) CPR-AED training for up to six people, 3) oversight by a Medical Director, 4) your response locations added to Central Dispatch's database, and 5) record keeping for AED maintenance and CPR training. In return your agreement stated that

Heart Safe La Plata retains ownership of AEDs purchased using any portion of Heart Safe La Plata funds, whether generated through donations and/or grants or other programs and reserves the right to remove any such AEDs for non-compliance with the above requirements for placement with another business or organization...The company agrees to return any AED units purchased with any portion of Heart Safe La Plata funds when the business terminates or moves out of La Plata County.

So if you must close or move your business out of the area, please contact us so that we can retrieve our AEDs and not lose these valuable assets to our community.

Durango Rotary and Durango Roller Girls

Our thanks to both the Durango Rotary and the Durango Roller Girls for their generous donations. AED placements at the Manna Soup Kitchen and the Community Shelter have been funded by the Rotary and the Roller Girls. Since these locations are charitable institutions, the Board agreed to fund all of their future maintenance of pads and batteries with donations from the City Market Cares program. We need your Value Card number! It does not cost anything and donations are based on how much you purchase at City Market.

Community Profile - Southern Ute Tribe

The Southern Ute Tribe is a good neighbor with a wise governing board. They are doing their best to safeguard the lives of their members and employees. Since 2005, they have partnered with Heart Safe La Plata to place AEDs in their buildings, clinics, and casino. The Lodge & Casino has an AED on every floor and several on the casino floor. Every time a Public Health Nurse goes out to visit those needing medical care, there is an AED in the vehicle. As of the most recent placement, there are a total of 30 AEDs in eleven different buildings:

- Annex Building
- Community Center (2 units)
- Detention Center (2 units)
- Growth Fund Building
- Head Start/Early Start
- Justice and Regulatory Building
- Moache-Capote Building
- Multi-Purpose Building & Chapel
- Public Health Clinic (4 units)
- Public Health Nurses Vehicles (5 units)
- Southern Ute Lodge and Casino (9 units)
- Tribal Admin Building (2 units)

In addition to the AED placements, the Southern Ute Tribe is keeping their staff trained in CPR and AED use.

So our thanks go out to a very good neighbor...the Southern Ute Tribe.

Farewell to Mark Rich

After eight years at the helm of Heart Safe La Plata, we are losing one of our founding members. Mark Rich is returning to Madisonville, Kentucky. He has tendered his resignation from our Board effective July 31, 2011. We thank Mark for his labor, support, and many ideas. He will be missed.

So, with a vacancy on our Board, is anyone out there available to step into Marks shoes?

Board Members

Scott Sholes, President	382-6039
Amy Knight, Vice-President	749-3239
Barbara Lawson, Secretary/Treasurer	884-2406
Patty Egger, Member-at-Large	382-6031

Program Coordinator

J.T. Coyne	769-7473
